

PAEDIATRIC SOLID TUMOURS WORKSHOP

SCIENTIFIC HIGHLIGHTS

Paediatric Solid Tumour - Disease Management Group
Tata Memorial Hospital

PaediatricSolidTumour.com

Day 1- 22 April 2016

12:30 - 1:30	Registration		
1:30 - 2:00	Inauguration and Swagtam Performance by Survivors		
Session 1	Wilms Tumor		
2:00 - 3:25	Elementary Session		
	Radiological approach to diagnosis	15 Mins	Seema Kembhavi
	Chemotherapy: How many drugs and for how long?	15 Mins	Nikita Shah
	Case scenario	07 Mins	
	Surgical Fundamentals	15 Mins	Sajid Qureshi
	Pathology and staging: Key to management	15 Mins	Mukta Ramadwar
	Radiation: When and How	15 Mins	Siddhartha Laskar
	Case scenario	08 Mins	
3:25 - 3:35	Wilms Tumor: A SMART (CMART) step ahead	8+2 Mins	Sajid Qureshi

Panel discussion			
3:35 - 4:15	Discussion 1: Treatment burden: Balancing between cure and complications.	40 Mins	Moderator: Tushar Vora Panelist: Sameer Bakshi, Arpita Bhattachraya Archana Swami, Rimpa Achari, Shalini Mishra
4:15 - 4:30	Tea Break		
4:30 - 5:10	Discussion 2: Challenging Surgical scenarios	40 Mins	Moderator: Sajid Qureshi Panelist: Sandeep Agarwala, Pradnya Bendere, Rasik shah Santanu Sen Ravi Ramdawar
5.10-5.20	Minimal invasive surgery for childhood renal tumours- Choice & Challenges	8+2	Minu Bajpai

5:20 - 6:00	Free papers (selected)		
PSTW 10	Prognostic comparison between NWTs and SIOP protocol: Our experience	8+2	Ramendra Shukla
PSTW 11	Bilateral Wilms- Is bilateral sequential partial nephrectomy preferable to simultaneous partial nephrectomy?	8+2	Ketaki Gharpure
PSTW 13	Comparison of Surgery for Wilms' Tumor in patients with or without pre-operative chemotherapy	8+2	Rupa Banerjee
PSTW 14	Wilms' tumor: An audit in a tertiary care Pediatric hospital	8+2	Vivek Manchanda
PSTW 36	Veno-occlusive disease: a potentially life threatening complication in the management of Wilms' tumor	8+2	Sidharth Totadri

Day 2- 23 April 2016

Session 2	Neuroblastoma		
9:00 - 10:30	Elementary Session		
	Radiology-Site and Stake	15 Mins	Seema Kembhavi
	Scintigraphy: What do we need?	15 Mins	Sneha Shah
	Microscope says it all: Gentle to merciless	15 Mins	Mukta Ramadwar
	Defining role of chemotherapy: No or more drugs	15 Mins	Tushar Vora
	Defining the extent of surgery	15 Mins	Sajid Qureshi
	Case scenario	15 Mins	
10:30 - 11:15	Debate		
	Bone scan, LDH, VMA and serum Ferritin ... are they lost tools in current management of neuroblastoma?	45 Mins	Moderator : Seema Kembhavi For: Shweta Bansal Against: Shailesh

			Kanvinde
11:15 - 12:15	Tea Break + Poster discussion (award section)		
12:15 – 1.00	Panel discussion		
	To treat or not to treat	45 Mins	Moderator: Sajid Qureshi Panelist: Arpita Bhattacharya, Shalini Mishra,- MaryAnn Muckaden, Santanu Sen, Kaustav Talapatra
01:00 - 01:30	Lunch Break		
Session 3	Soft Tissue Sarcomas (Rhabdomyosarcoma)		
1:30 - 03:20	Elementary session		
	Radiology- Defining the anatomy and extent	15 Mins	Rahul Chivate
	Pathology- From tissue to molecular signature	15 Mins	Mukta Ramadwar
	Case scenario (Diagnosis)	10 Mins	

	Chemotherapy: Drugs and challenges	15 Mins	Nirav Thacker
	Surgical principles	15 Mins	Monica Bhagat
	Reconstruction in soft tissue sarcoma	15 Mins	Prabha Yadav
	Radiation: Challenges	15 Mins	Siddhartha Laskar
	Case scenario (Management)	10 Mins	
03:20 - 4:30	Tea Break + Poster discussion		
4:30 - 4:45	Metastatic/ Refractory disease - Should we call it a day!!!	12+3	Sameer Bakshi
4:45 - 5:30	Panel discussion		
	Beyond the usual etiquette	45 Mins	Moderator: Siddhartha Laskar Panelist: Sandeep Agarwala, Mukta Ramadwar Sameer Bakhsi
5:30 - 6:00	Free papers		

PSTW 18	Neuroblastoma in infants - Our experience	8+2	Shalini Misra
PSTW 20	Correlation of image defined risk factors with survival outcome in localized and metastatic neuroblastoma	8+2	Sugandh Aggarwal
PSTW 34	Pediatric Neurogenic Tumors with Intra-spinal extensions-Combined intra thoracic and intra spinal approach. A Single centre experience	8+2	Deepak Jagare Gowda
PSTW 40:	Changing staging paradigm of rhabdomyosarcoma: Supporting Data from tertiary care centre from India	8+2	Sameer Rastogi
8:00 pm onwards	Dinner		

Day 3- 24 April 2016

9:00 - 9:45	QUIZ		
Session 4	Hepatoblastoma		
9:45 - 11:00	Elementary session		
	Radiology: Guiding surgical resection	15 Mins	Kunal Gala
	Chemotherapy: Managing disease and role in relapse	15 Mins	Saroj Panda
	Case scenario (diagnosis)	10 Mins	
	Quintessential of surgery	15 Mins	Monica Bhagat
	Pathology: Current Status		Mukta Ramadwar
	Case scenario (Management)	15 Mins	
11:00 - 11:30	Tea break		
11:30 - 11:45	Liver surgeries: beyond formal liver resections.	12+3 Mins	Sandeep Aggarwala
11:45-12:00	Vascular access: All we need to know	12+3 Mins	Rasik Shah

12:00-12:15	Nutrition	12+3 mins	Tushar vora
12:15 - 12:30	Integration of Paediatric Palliative Care in Paediatric Oncology: Review of evidence.	12+3 Mins	Navin Salins
12.30-12.45	Quality of life: Can survivors be at par with others?	12+3 Mins	Purna Kurkure
12:45- 1.45	Free papers		
PSTW 06	Evaluating role of immunohistochemistry in paediatric solid tumours	8+2	Ramendra Shukla
PSTW 17	Demographic Study of Chemoport/ Hickmann	8+2	Debasish Mitra
PSTW 23	Tumors in infancy- challenges and unique features Experience from a tertiary care centre in South India	8+2	Nuthan Kumar MK
PSTW 30	Inflammatory	8+2	Akash Pramod Sali

	myofibroblastic tumour (imt) affecting paediatric patients: a study of 50 patients with emphasis on histopathologic diagnostic issues		
PSTW 35	Is immunohistochemistry in pediatric solid tumours compulsory?	8+2	Rajnish loach
PSTW 37	Multicolor flow cytometry – an objective, rapid and highly sensitive technique for detection of bone marrow involvement by round cell tumours.	8+2	Kavita Khirwal
1.45- 2:00	Prize and Certificates
